

## Melba's response to Coronavirus

OK

At Melba we are looking at what we need to do to keep you well.

virus

We are always looking at how the virus is affecting other people as well.

We have some people we need to care for all the time. Without us they can't do most things.

people

We need to make sure if more people get sick from the virus, we will always have staff to care for these people.

safe

We need to make sure if more people get sick from the virus, we will always have staff to care for these people.

people

Because we need to make sure we have staff, we have to close some programs down where people have others who can look after them.

From Monday 23<sup>rd</sup> March we will close Community Connections and Arthur Creative. We are closing them a bit earlier, but they were going to close soon for holidays.

We hope we can start them again on Tuesday 14<sup>th</sup> April. We will let you know if we will.

Respite

From next week we need to keep our respite places free for people who might need them who don't have anyone to look after them.

We will talk to you if we can. We will let you know what is going on about everything we can.

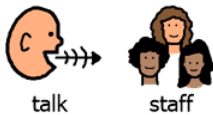

So far, nobody at Melba has been sick.

If someone does get sick we will make sure they first speak to, then see the doctor, if they need to go to hospital.

We have a lot of people helping us look after people and making sure everything is looked after.

You can always talk to someone at Melba.

Or you can call 1300 696 352.
